

### Company Info:

Founded in 2003, Global Media Marketing, Inc. started working with small local companies and quickly grew to an ad agency with national prominence. We are a unique advertising and production company in that we have both production (scripting/filming/editing) and media buying (placing the commercials on TV, Radio, Digital) all under one roof. Early on we specialized in 30 min TV infomercials but quickly grew to all forms of advertising. Our current client base includes local companies looking for local advertising as well as national agencies looking for national exposure.

Global Media Marketing, Inc. employs a work force with a vast experience in: the creative build, the management of the media buy, and the mining of the lead generation. Global Media Marketing, Inc. is a SMALL DISADVANTAGED BUSINESS.

### Core Competencies:

- Media Planning • Media Buying • Creative • Video Production • High Speed 25K+ FPS
- TV, Radio, Infomercial, Digital, Print • Live Video Production (Broadcast/Web)

### Differentiators:

Our team specializes in results driven (and proven) campaigns. Having both media buying and production under one roof we have the unique ability to track results of every campaign and build production accordingly. Over 65 years combined experience with local / regional clients as well as large national campaigns and clients.
